

Elbert County School System
Public School Choice (House Bill 251)
Transfer Request

Under the 2009 state law (O.C.G.A. 20-2-2131), parents may request a transfer of their child(ren) to another elementary school in the School District as long there is classroom space available at the selected school after its assigned students have been enrolled. If a parent or guardian elects to exercise this choice option, *the parent or guardian shall bear all costs associated with transporting the child to and from the selected school.* The attendance policy will be in effect throughout the school system. Students must attend school each day and arrive on time.

If a parent requested a transfer last school year, there is no need to apply again if the parent would like for their child(ren) to remain at the same school.

To request a transfer, please pick up an application from the Board of Education, 50 Laurel Drive, Elberton, Georgia 30635. You may apply between **March 21 through April 18, 2011**. If you have questions concerning the application process, please contact Dr. Martha Noble, Associate Superintendent for Personnel Services at 706-213-4012 or Michelle Adams, Administrative Assistant at 706-213-4063.
