

## Allie Sword

\*\*\*\*\*

Academic Student of the Month

Math Dept.

February 2018

---

Allie Sword is being recognized as the Academic Student of the Month for February 2018 by the Math Department. She is the daughter of Galen & Tia Johnson.

Allie is being recognized by the Math Department because her teacher says “she is always prepared for class. She never hesitates to ask questions in class or with “remind texts.” She always has a great attitude and a smile on her face. She currently has a 100 average in my class as well!”

Congratulations, Allie!
